

## Codes

Tommy "Horsehead" sobbed  
from the witness stand

for breaking the code  
of silence. Then he fingered

his colleagues, since  
they had planned to whack him

coming from a sporting club  
in south-most Philadelphia.

A MAN, of course, would  
take the hit and die.  
In Ketchum, Idaho,

Hemingway sent his gray sky-  
ward. Another code, by the way,

the code for Ketchum is 208,  
Philly's 215.
